Dig in with Club Projects and Activities

(Please check your areas of interest)

Public Gardens - Join member teams to design and maintain 12 Belfast public gardens in spring and summer.

Green Thumb Plant Sale - Help with a variety of tasks - solicit donations; dig, divide, and pot plants to sell; set up and work the sale - to support this popular fundraiser held annually on the third Saturday in May.

Open Garden Days - Help to plan and staff this popular summer series of self-guided tours of private home gardens.

Scholarships - Recruit and select recipients of grants to qualified Waldo County high school graduates pursuing college studies in conservation, horticulture, natural resources, sustainable agriculture, or related fields.

Book Donations - Help to choose garden/horticulture-related books purchased and donated by the Club to the Belfast Free Library.

Programs - Identify and coordinate guest speakers for presentations to the membership and the public on a variety of garden-related topics.

Hospitality - Coordinate member volunteers to serve as greeters and provide refreshments and table decorations for monthly meetings.

Membership - Maintain a database with up-to-date membership information and distribute name badges worn at monthly meetings.

Archives - Maintain records of Club activities and programs.

Communications - Options include producing the annual yearbook, administering the Club website, graphic design and photography, and outreach through social media.
