

Wales Park Tree Tagging Results

River birch, betula River birch, betula nigra nigra	30 DBH (combined)	good	30-foot crown	3 stems		
Black locust, Robin pseudoaccia	12.3 DBH	good	30-foot crown	single trunk		
Dawn redwood, Metasequoia glyptostroboides	21.4DBH	good	24-foot crown	single trunk		
Black cherry, Prunus serotina	6.2 DBH	good	19-foot canopy	single	needs pruning	
Black cherry, Prunus serotina	4.5 DBH	fair	16-foot canopy	single	Serious decay, needs pruning	
Black cherry, Prunus serotina	10.5 DBH	poor. *Generally poor throughout this report indicates need for regular monitoring (3 years is standard), with likelihood of ultimate removal	27-foot crown	single	Suckering, needs trimming	
Sugar maple, Acer saccharum	26.5DBH	Poor	40-foot canopy	single	suckering, dead branches, needs pruning, invaded by multiflora rose	
Black locust, Robin pseudoaccia	21.7DBH	good	30-foot crown	single	Home to Virginia creeper, needs attending	
Black locust, Robin pseudoaccia	54.5DBH	good		single	Vines, needs pruning	
Black cherry, Prunus serotina	18.8 DBH	good		single	Vines to remove	
Norway maple, Acer platanoides	12 DBH	good	60-foot canopy	single trunk	suckering	
Black cherry, Prunus serotina	10 DBH	good	15-feet	single		
Black cherry, Prunus serotina	10.7 DBH	Good	20 feet	single		
Black locust, Robin pseudoaccia	28.5 DBH	Good		single		
Ash, Fraxinus	15 DBH	fair	10 feet	single	missing main branches	
Norway maple, Acer platanoides	12.7 DB	fair	15 feet	single	missing big branches	
Sugar maple, Acer saccharum	8 DBH	Good		single		
Black locust, Robin pseudoaccia	33.1 DBH	Poor	gl	multiple	Major wounds, deadwood, next to it is dead locust, 17-DBH	

Black locust, Robin pseudoaccia	44.3 DBH	Poor		2 stems	half of tree is dead	
Norway maple, Acer platanoides	6.5 DBH	poor	4 feet	single		
Yellow buckeye, Aesculus	12 DBH	good	10 feet	single	Not 100% on species	
Sugar maple, Acer saccharum	12 DBH	Fair		single	50% crown	

1

River birch, betula nigra	30 DBH (combined)	good	30-foot crown	3 stems		
Norway maple, Acer platanoides	11.8 DBH	poor	50% canopy	single		
Norway maple, Acer platanoides	32.6 DB	poor	40 feet	single		
Norway maple, Acer platanoides	10.4 DBH	poor	50% canopy	single		
Norway maple, Acer platanoides	12.3 DBH	fair	50% canopy	single		
Black locust, Robin pseudoaccia	18.8 DBH	poor	25% canopy	single		
Black locust, Robin pseudoaccia	20.2 DBH	poor	50% canopy	Two trunks	one trunk dead	
Norway maple, Acer platanoides	15 D	fair	50% canopy	single	roots raised	
Black locust, Robin pseudoaccia	36.6	poor		Two trunks		
Sugar maple, Acer saccharum	7.5 DBH	fair	25% canopy	single	Branching very high, no scaffolding branches	
Sugar maple, Acer saccharum	14.7 DBH	Good		single		
Ash, Fraxinus Americana	12.5 DBH	fair	25% canopy	single		
Norway maple, Acer platanoides	9 DBH	fair	25% canopy	single		
Black locust, Robin pseudoaccia	33 DBH	poor	20-25 feet	Two trunks	major deadwood, lean	
Red oak, Quercus rubrum	5.3 DBH	good		Single	trunk crack	
White ash, Fraxinus americana	6 DBH	poor		single	Wound at breast height	

White ash, Fraxinus americana	6.3 DBH	poor	-25% canopy	single		
Norway maple, Acer platanoides	6.8 DB	poor	50% canopy	single		
Norway maple, Acer platanoides	8.2 DBH	poor	50% canopy	single	overloaded branching	
Norway maple, Acer platanoides	6.2 DBH	poor	50% canopy	single	weak branching	
Ash, Fraxinus	22.2 DBH	fair	crown loss	single	needs limb cleanup	
Norway maple, Acer platanoides	5.9DBH	poor	50% canopy	single	Edge tree, candidate for removal	
Sugar maple, Acer saccharum	9.2 DBH	good		single	would benefit from removal of competing tree branches for optimal growth	
Norway maple, Acer platanoides	8.2 DBH	good		single		
Black locust, Robin pseudoaccia	16 DBH	good		single	needs crown reduction	

2

River birch, betula nigra	30 DBH (combined)	good	30-foot crown	3 stems		
Norway maple, Acer platanoides	6.5 DBH	fair			candidate for removal	
Black locust, Robin pseudoaccia	20 DBH	fair		two	one trunk growing into second, deer or moose rubbings	
Norway maple, Acer platanoides	11.5 DBH	fair		single	broken branches	
Sugar maple, Acer saccharum	7.2 DBH	good		single		
Sugar maple, Acer saccharum	8 DBH	good		single	reduced crown	
Black locust, Robin pseudoaccia	12 DBH	poor		single	significant trunk damage	
Black locust, Robin pseudoaccia	12 DBH	poor	25%	single		
Sugar maple, Acer saccharum	7.2 DBH	fair		single	crowded	
Sugar maple, Acer saccharum	7.7 DBH	fair		single	crowded	
Butternut,	7 DBH	poor		single		

Juglans						
Sugar maple, Acer saccharum	6 DBH	poor		single	bad root structure	
Norway maple, Acer platanoides	10DBH	fair		single		
Norway maple, Acer platanoides	5.3 DBH	fair		single	candidate for removal	
Sugar maple, Acer saccharum	4 DBH	good		single		
Black locust, Robin pseudoaccia	12.3 DBH	Good		single		
Red oak, Quercus rubrum	8.9 DBH	good		single	crown to trunk ratio of	
Red oak, Quercus rubrum	14.8 DBH	good		single	part of a small stand	
Red oak, Quercus rubrum	18.5 DBH	good		single		
Red oak, Quercus rubrum	6.3 DBH	fair		single	crown damage	
Red oak, Quercus rubrum	12 DBH	fair		single	multiple central leaders/crossing	
Red oak, Quercus rubrum	10.7, 6.5 DBH	fair		three trunks	one trunk dead	
Black cherry, Prunus serotina	6.8 DB	poor		single	typical of unpruned cherries	
Red oak, Quercus rubrum	10.5, 10.5 DB	fair		two trunks	lots of suckering	
Red oak, Quercus rubrum	12.7 DB	fair	50% canopy	single	hazard branch overhangs charles street, marked	
Horse chestnut, Aesculus	48.2 DBH	fair	100 feet	single	queen of the forest, but central leader is split	

Table 1
